MISSOULA--

A publication by Dr. Forest L. Grieves, an associate professor of political science at the University of Montana in Missoula, has been selected for inclusion in the U.S. Information Agency's World of Paperbacks Showcase Exhibit to be displayed in some 20 foreign countries during the next 18 months.

Grieves' publication, entitled "International Law, Organization, and the Environment: A Bibliography and Research Guide," was published in 1974 by the University of Arizona Press, Tucson. The USIA selected works for the world showcase exhibit to cover a broad range of subjects from the scientific and technical to the social and aesthetic fields for the years 1974-75.
